Households

BULACAN

1. Brief Background on Who and Where the Poor Households Are

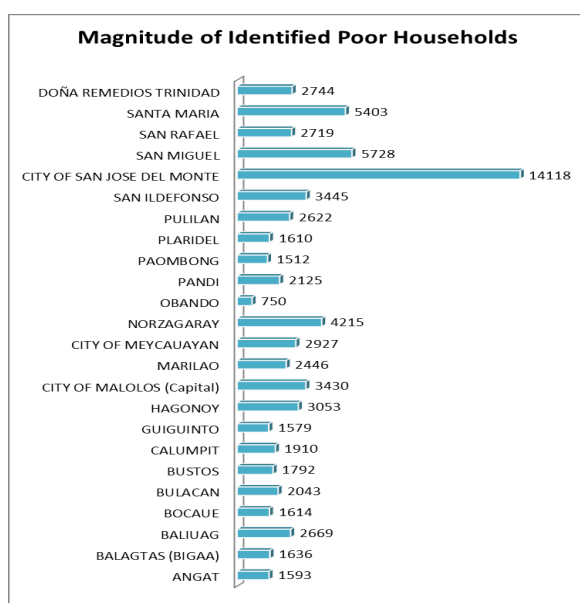

Figure 1

Figure 1 shows the magnitude of poor households within the twenty-four (24) municipalities of this province. Out of 161,637 households, 73,683 were identified as poor.³ The city of San Jose Del Monte listed to have the highest number of poor households with 14,118 or 19.16%. It is followed by San Miguel with 5,728 or 7.7% and Santa Maria with 5,403 or 7.33%.⁴

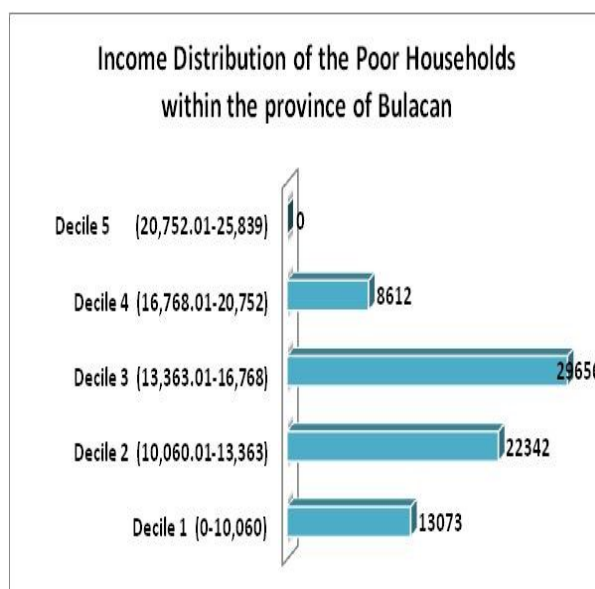

Figure 2

Figure 2 shows the income distribution of poor households within this province. All of the identified poor households within this province (73,683) were found to earn below the annual per capita poverty threshold of PHP17, 768 (the needed income for a family of six members to be out of poverty)⁵. This means that a poor household with six (6) members earns PHP48.71 per day. There were no poor household that were found to have an income which is above or equal to the average annual per capita income.

³ See attached Table 1.1 for Number of Households Assessed and Identified Poor Households

⁴ See attached Table 1. 2 for the NHTS-PR list of Municipalities of the province of Pampanga in terms of Magnitude of Poor Households

⁵ Official 2006 Annual Per Capita Poverty Threshold. (based on old methodology) by NSCB; Region III Annual Per Capita Threshold is P15,538.00 – P17,830.00

The poor households in Region III whose income are way below the thresholds can be correlated with the type of occupation they are engaged in and their highest level of education attained.

Table A. Primary Occupation by Educational Attainment (Ages 15 years old and above)

Primary Occupation/Business	Educational Attainment					Total
	No Grade Completed	Kinder or Day Care	Elementary (Any Level)	High School (Any Level)	College Level and Above (Any Level)	
Service Workers and Shops and market Sales Workers	76	13	3,104	4,162	954	8,309
Farmers, Forestry Workers and Fishermen	622	77	9,485	3,098	249	13,531
Traders and elated Workers	17	6	1,912	2,133	266	4,334
Plants and Machine Operators and Assemblers	43	9	3,116	4,302	616	8,086
Laborers and Unskilled Workers	795	234	35,982	33,680	3,053	73,744
None	3,215	421	48,773	62,248	6,889	121,546
Not Applicable	0	0	0	0	0	-

The table above shows the relationship between educational attainment and occupation. Majority of the members of the poor households who were not able to finish any level in elementary or high school education have no work (111,021) or land jobs in the agricultural community (12,583) or as labourers and unskilled workers (69,662).

2. Who and where the poor households are in terms of household composition?

The average household size among identified poor households is six (6) members. The total number of poor individuals within this province is 432,453. Of these, 210,185 are women whereas 222,268 are men. It can also be regarded that children comprises a large portion of the population of poor individuals with 53.29% percentage share.

The combined sector of women and children constituted almost half of the individual population of the poor. The sector of the children constituted the largest part of the total number of poor individuals with 53.29% percentage share followed by the women sector which comprised the 48.60% of the total population of the poor individuals.⁷ The levels of different sectors are presented as follows:

A. Children's Sector

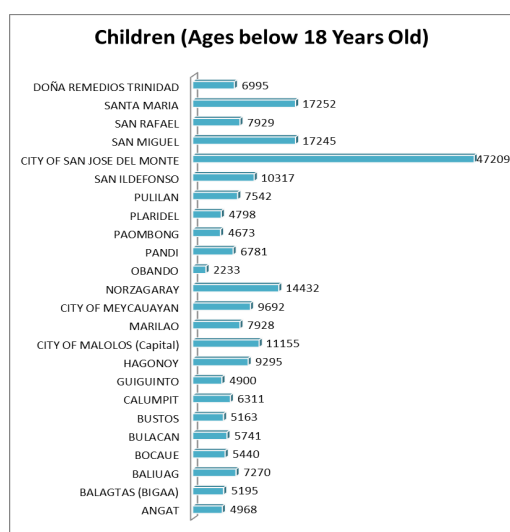

Figure 3

Figure 3 shows the number of children within this province whose ages were below 18. The city of San Jose Del Monte, Santa Maria and San Miguel were recorded to have the largest number of children in poor households. The percentage shares of poor children in these municipalities are 55.21%, 54.26% and 52.24% respectively.

Out of 186,136 children whose ages are within the interval 3 to 18 years, there were 64,989 or 34.91% who were not attending school. The city of San Jose Del Monte were recorded to have the largest number of poor children who are not attending school with 12,174 or 31.42%, followed by the municipality of Santa Maria with 4,930 or 35.93% and San Miguel with 4,592 or 34.73%. In terms of educational attainment of poor children, 40.85% have reached elementary grade and only 13.88% were able to attain high school level.

⁷ See attached Table 1.4 for the Magnitude of Poor Among Basic Sector

b. Women Sector

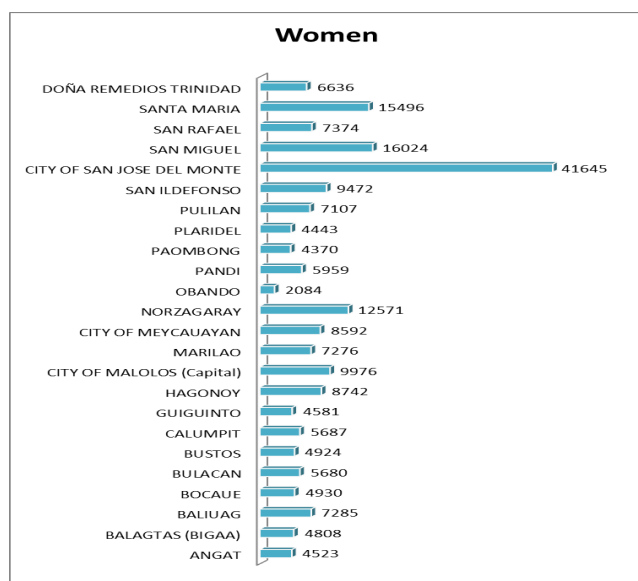

Figure 4

One attribution to the data on occupation could be in educational attainment of women in poor households. About 20.95% of women in poor households were not able to finish or complete any grade level at all, and 17.01% are able to finish elementary grade as well as 15.28% were able to finish high school.

This shows that majority or 46.06% of the women in poor households were not able to complete either an elementary, high school or a college degree but was able to reach a certain level in either education level.

The sector of women among the poor households constituted the 210,185 or 48.60% of the total number of poor individuals within this province.

The women sector in the age range of 15 years old and above are mostly engaged as laborers and/or unskilled workers (18.33%) and service workers and shop and market sales workers (4.17%). Another data that is note worthy is the high magnitude of women in poor households declaring no occupation (73.05%)

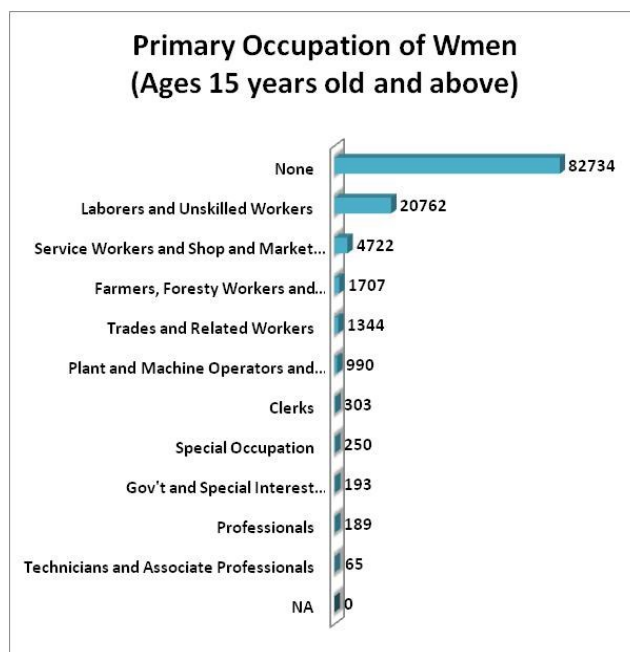

Figure 5

c. Persons with Disability (PWD), Senior Citizens and Indigenous Peoples (IP) Group

There were 4,633 poor households with members who were found to have disability within this province. At an average, 662 households have a member who has any of the following disabilities e.g. hearing and visual impairment, speech defect, orthopedic, multiple disabilities, mentally challenged and other disability.⁸

⁸ See attached Table 3.3 for Number of Poor Households by Type of Disability

The individual senior citizens of the poor households comprised the 12,291 or 2.84 % of the total number of individuals within this province. Mostly they are found within the municipality of San Jose Del Monte, San Miguel and Santa Maria.

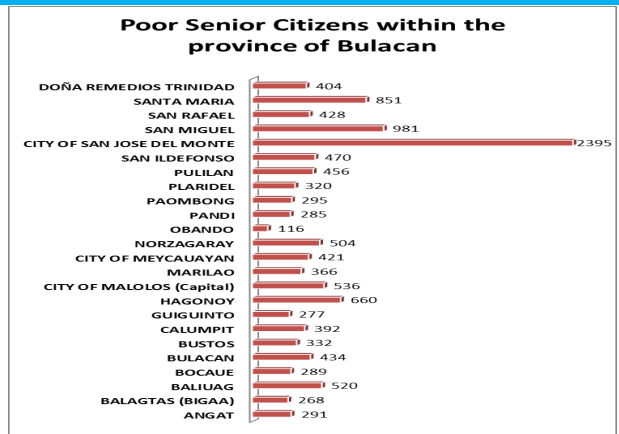

Figure 7

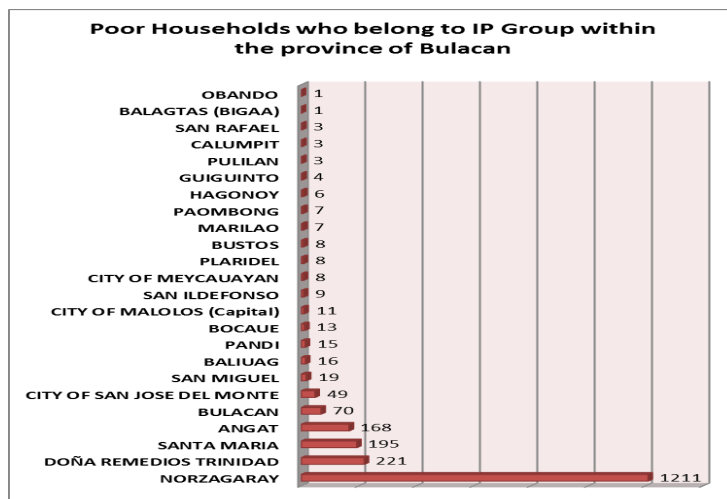

Figure 8

There are 2,056 poor households within this province who considered themselves as part of an indigenous people (IP) group. This constituted only a small part of the total poor households with only 2.79 % percentage share. They were mostly found within the municipality of Norzagaray, Doña Remedios Trinidad and Santa Maria.

3. Who and where the poor households are in terms of educational attainment

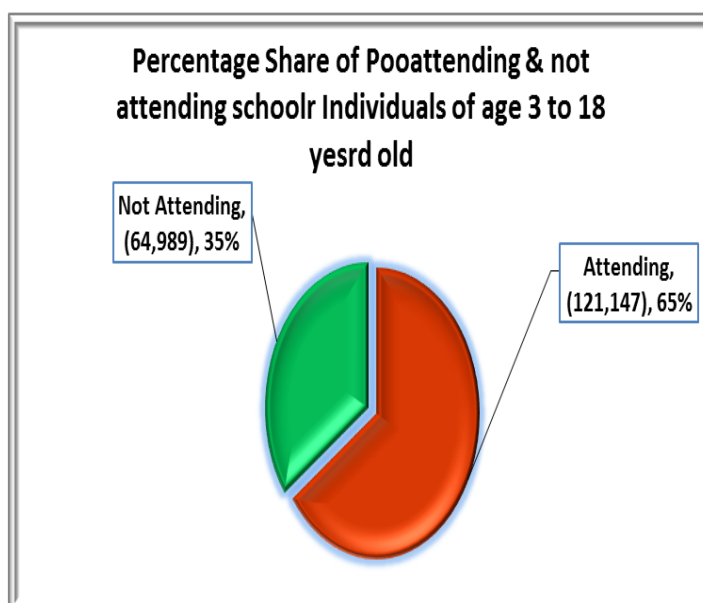

Figure 9

Majority or 65.09% of poor individuals of age 3-18 years old within this province were attending school, they were mostly found within the municipality of San Jose Del Monte, Santa Maria and San Miguel.⁹

The poor households put importance to education as evidenced by their attendance to school. Looking into age by level of schooling, 83.33 % of the poor individuals whose ages were within the interval 6-11 years were attending elementary, 47.26% of the poor individuals whose ages were within the interval 12-15 years were attending high school, and 11.34% of the poor individuals whose ages were within the interval 16-18 years were attending collegiate level. Notable is that 64.19% of the total poor households with school age children attends public school.

The highest educational attainment of poor individuals within this province were significant in the levels of no grade completed (21.48%) and elementary (17.28%). Majority of the poor households within this province had no grade completed. High concentration of these poor individuals can be found in municipality of San Jose Del Monte, San Miguel and Santa Maria.

4. Who and where the poor households are in terms of occupation?

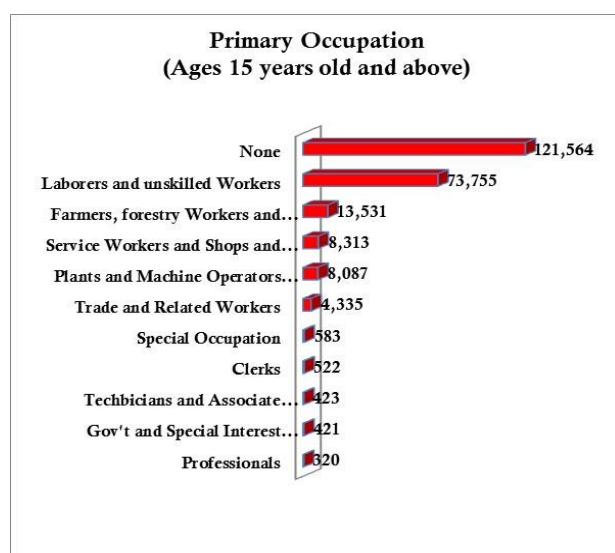

Figure 10

The poor households source their income either as labourers to different menial jobs with 73,755 or 31.81%, through farming and fishing with 13,531 or 5.84% and service workers with 8,313 or 3.59%.

Quite notable is the number of members of the poor households declaring no occupation comprising to 28.11%, (given that the age range for the table is 15 years old and above).¹⁰

Majority of the members of poor households within this province who have declared no occupation were found within the city of San Jose Del Monte (30.06%), San Miguel (28.63%) and Santa Maria (26.36%).

⁹ See attached Table 4.1 for Number of Poor Individuals Age 3-18 years old Attending School

¹⁰ See attached Table 5.1 for Primary Occupation/Business Age 15 years old and above

5. Household Features of Poor Households

Out of the 73,683 poor households within this province, 8,101 or 10.99% have roof that were made up of light materials (cogon, nipa or bamboo). Same is true for the outer walls, 12,179 or 16.53% of the poor households have walls which were made up of light materials. Based on these data, 6,909 or 9.38% of the poor households within this province were considered to be vulnerable to natural/man-made disasters as they used light construction materials on the roofs and outer walls of their housing units.¹¹

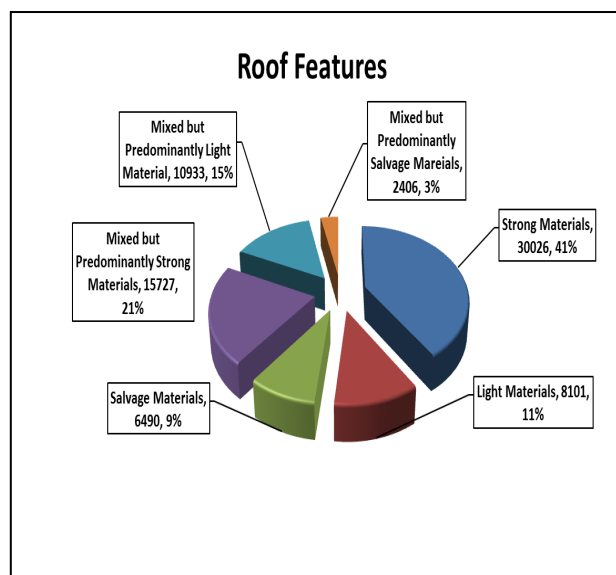

Figure 11

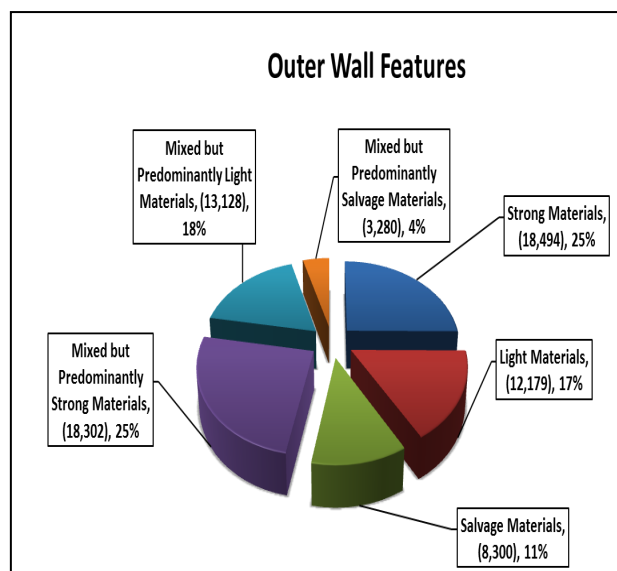

Figure 12

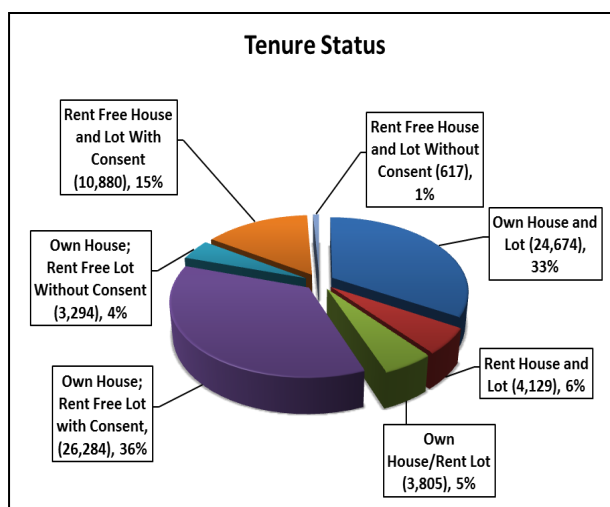

Figure 13

In terms of tenure status, out of the 73,683 poor households within this province, 26,284 or 35.67% have their *Own House but Rented Free Lot with Consent of the Owner*. These poor households can be mostly found in the municipality of San Miguel (61.35%), City of San Jose Del Monte (19%) and Hermosa (47.43%).¹²

Furthermore, this situation is aggravated as poor households' minimal access to basic service facilities is also high (see Table B).

¹¹ See attached Table 2.3 for the Type of Roof and Outer Walls of the Housing Units Occupied by Poor Households

¹² See attached Table 2.5 Type of Tenure Status Occupied by Poor Households

Number of Poor Household by Type of Toilet Facility and Main Water Source

WATER SUPPLY		TOILET FACILITY				
		Water-Sealed	Closed Pit	Open Pit	Others (Pail)	
	TOTAL					None
Safe Water Source	60838	40235	3662	2581	1238	13122
No Safe Water Source	12845	6681	679	749	373	4363

For water and sanitary toilet facilities, it can be noted that the magnitude of poor households within this province with safe water source is relatively high at 82.6 % and that access to sanitary toilet is also fairly high with 69.6%. However, the number of poor households with no safe water source combined with unsanitary toilet practices¹⁵ is 5,485 or 7.4% of the total number of identified poor households.

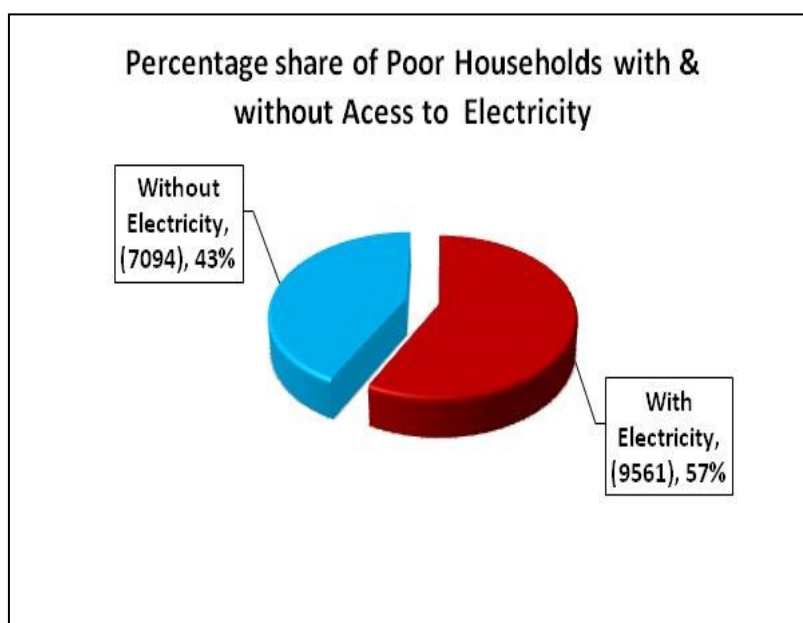

Figure 13

Majority or 75.58% of the poor households within this province have access to electricity, whereas only 24.42% of the poor households have no access to electricity. The areas with still no access to electricity based on the number of poor households identified were found in the municipality of Norzagaray (7.99%), of Doña Remedios Trinidad (9.38%) and City of San Jose Del Monte (21.69%).

¹³ Safe Water Source refers to Own Use/Shared, Faucet, Community Water Supply, Tubed/Piped Well, NSO

¹⁴ Unsafe Water Source refers to Dug Well, Spring, River, Stream, etc., Collected Rainfall, Peddler, NSO.

¹⁵ Unsanitary Toilet refers to Open Pit, Others (Pail, etc.) and None, NSO.

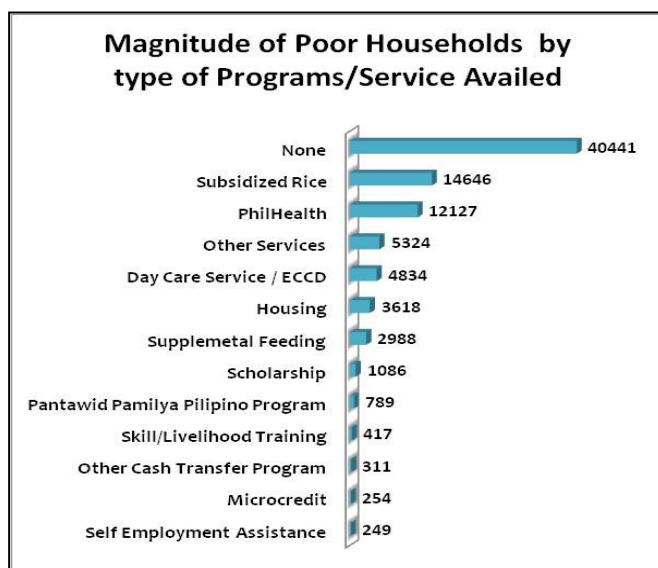

Figure 14

The top three programs/services that the poor households within this province have received from different LGUs and NGOs were: Subsidized Rice with 14,646 or 0.1988%, Philhealth Cards with 12,127 or 0.16458% and Other Services with 5,324 or 0.0723%. However, it is somewhat alarming that 40,441 or 0.5485% of the identified poor households within this province do not received any programs or services from the government, LGUs and NGOs.¹⁶

Certain conveniences are also part of the features of the poor households. Assets such as Television, VCD/DVD, and Furniture, Stereo/CD Player, and Telephone/Cell phone are but a few of the poor households owned assets.¹⁷

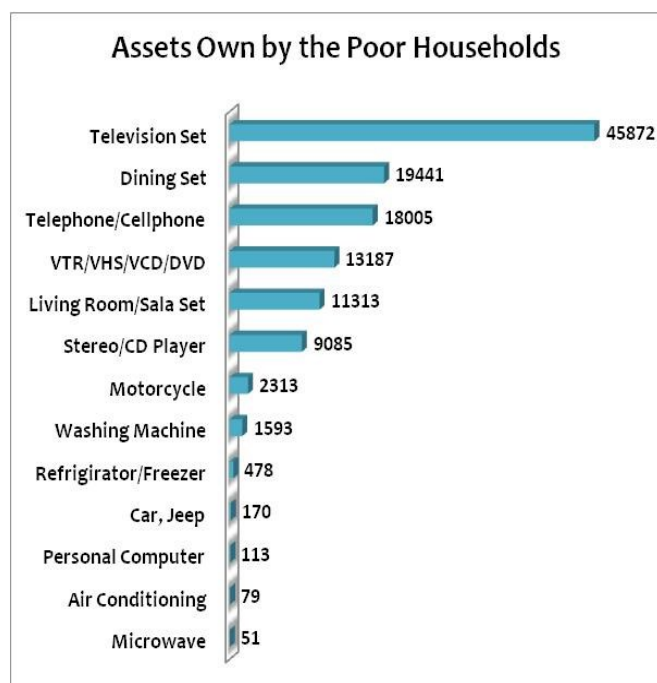

Figure 15

It is quite interesting that the priority of our poor households is entertainment (see Figure 15).

As presented in this paper, this poverty profile of the NHTS-PR identified poor households is based on existing NHTS-PR data as of July 2011. This poverty profile did not only focus the beam on the poor, it also attempted to emphasize the relevance and importance of identifying who and where the poor are and understanding their conditions and characteristics.

¹⁶ See attached Table 6.2 for Number of Poor Households by Programs and Services Aailed

¹⁷ See attached Table 2.7 for Number of Poor Households by Ownership of Assets

NHTS-PR PROFILE OF THE POOR
