## 1. Brief Background on Who and Where the Poor Households Are

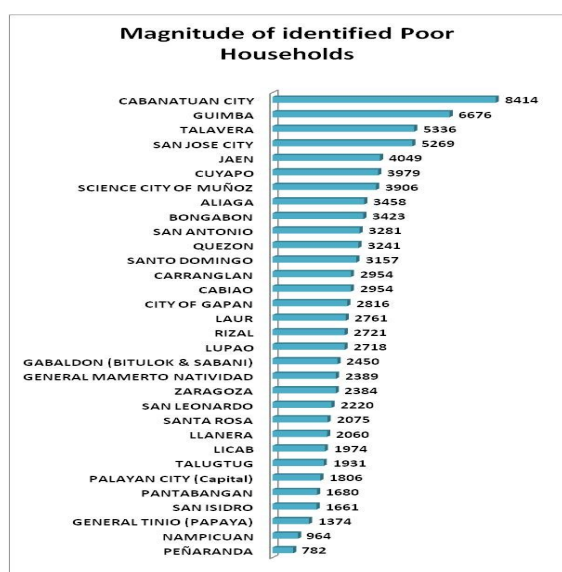

Figure 1

Figure 1 shows the magnitude of poor households within the thirty-two (32) municipalities of this province. Out of 193,657 households, 96,863 were identified as poor.<sup>3</sup> The city of Cabanatuan listed to have the highest number of poor households with 8,414 or 52.39 % of the total number of poor households. It is followed by Guimba with 6,676 or 50.50% and Talavera with 5,336 or 52.01%.<sup>4</sup>

Figure 2

Figure 2 shows the income distribution of poor households within this province. All of the identified poor households within this province (96,863) were found to earn below the annual per capita poverty threshold of PHP17, 830 (the needed income for a family of six members to be out of poverty)<sup>5</sup>. This means that a poor household with six (6) members earns PHP48.88 per day. There were no poor household that were found to have an income which is above or equal to the average annual per capita income.

<sup>3</sup> See attached Table 1.1 for Number of Households Assessed and Identified Poor Households

<sup>4</sup> See attached Table 1. 2 for the NHTS-PR list of Municipalities of the province of Pampanga in terms of Magnitude of Poor Households

<sup>5</sup> Official 2006 Annual Per Capita Poverty Threshold. (based on old methodology) by NSCB; Region III Annual Per Capita Threshold is P15,538.00 – P17,830.00

The poor households in Region III whose income are way below the thresholds can be correlated with the type of occupation they are engaged in and their highest level of education attained.

Table A. Primary Occupation by Educational Attainment (Ages 15 years old and above)

Primary Occupation/Business	Educational Attainment					Total
	No Grade Completed	Kinder or Day Care	Elementary (Any Level)	High School (Any Level)	College Level and Above (Any Level)	
Service Workers and Shops and market Sales Workers	41	13	2,473	4,149	939	7,615
Farmers, Forestry Workers and Fishermen	596	120	24,569	14,834	1,135	41,254
Traders and elated Workers	9	1	770	1,072	250	2,102
Plants and Machine Operators and Assemblers	28	10	2,519	3,819	544	6,920
Laborers and Unskilled Workers	564	165	33,793	29,841	2,917	67,280
None	3,280	429	56,777	72,206	8,014	140,706
Not Applicable	518	98	12,530	12,936	1,720	27,802

The table above shows the relationship between educational attainment and occupation. Majority of the members of the poor households who were not able to finish any level in elementary or high school education have no work (128,983) or land jobs in the agricultural community (39,403) or as labourers and unskilled workers (63,634).

## 2. Who and where the poor households are in terms of household composition?

The average household size among identified poor households is six (6) members. The total number of poor individuals within this province is 473,301. Of these, 250,089 are women whereas 223,212 are men. It can also be regarded that children comprised a large portion of the population of poor individuals with 49.80% percentage share.

The combined sector of women and children constituted almost half of the individual population of the poor. The sector of the children constituted the largest part of the total number of poor individuals with 49.80% percentage share followed by the women sector which comprised the 47.92% of the total population of the poor individuals.<sup>7</sup> The levels of different sectors are presented as follows:

### A. Children's Sector

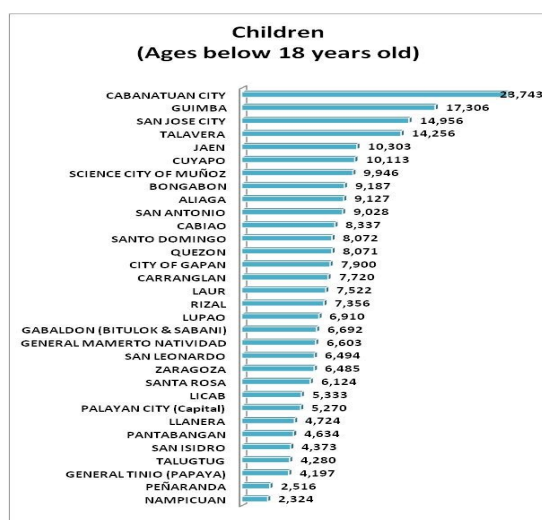

Figure 3

Figure 3 shows the number of children within this province whose ages were below 18. The city of San Jose Del Monte, Santa Maria and San Miguel were recorded to have the largest number of children in poor households. The percentage shares of poor children in these municipalities are 55.21%, 54.26% and 52.24% respectively.

Out of 186,136 children whose ages are within the interval 3 to 18 years, there were 64,989 or 34.91% who were not attending school. The city of San Jose Del Monte were recorded to have the largest number of poor children who are not attending school with 12,174 or 31.42%, followed by the municipality of Santa Maria with 4,930 or 35.93% and San Miguel with 4,592 or 34.73%. In terms of educational attainment of poor children, 40.85% have reached elementary grade and only 13.88% were able to attain high school level.

7 See attached Table 1.4 for the Magnitude of Poor Among Basic Sector

## b. Women Sector

Figure 4

One attribution to the data on occupation could be in educational attainment of women in poor households. About 19.07% of women in poor households were not able to finish or complete any grade level at all, and 18.81% are able to finish elementary grade as well as 17.75% were able to finish high school.

This shows that majority or 108,325 or 43.31% of the women in poor households were not able to complete either an elementary, high school or a college degree but was able to reach a certain level in either education level.

The sector of women among the poor households constituted the 250,089 or 47.92% of the total number of poor individuals within this province.

The women sector in the age range of 15 years old and above are mostly engaged as laborers and/or unskilled workers (11.62%) and service workers and shop and market sales workers (3.37%). Another data that is note worthy is the high magnitude of women in poor households declaring no occupation (71.44%)

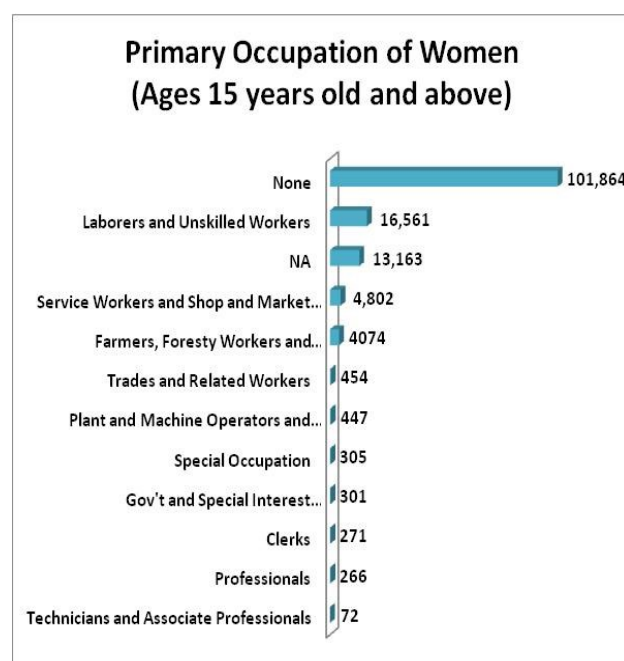

Figure 5

## c. Persons with Disability (PWD), Senior Citizens and Indigenous Peoples (IP) Group

There were 4,991 poor households with members who were found to have disability within this province. At an average, 713 households have a member who has any of the following disabilities e.g. hearing and visual impairment, speech defect, orthopedic, multiple disabilities, mentally challenged and other disability.<sup>8</sup>

<sup>8</sup> See attached Table 3.3 for Number of Poor Households by Type of Disability

The individual senior citizens of the poor households comprised the 18,690 or 3.58% of the total number of individuals within this province. Mostly they are found within the municipality of Guimba, Cabanatuan and Talavera.

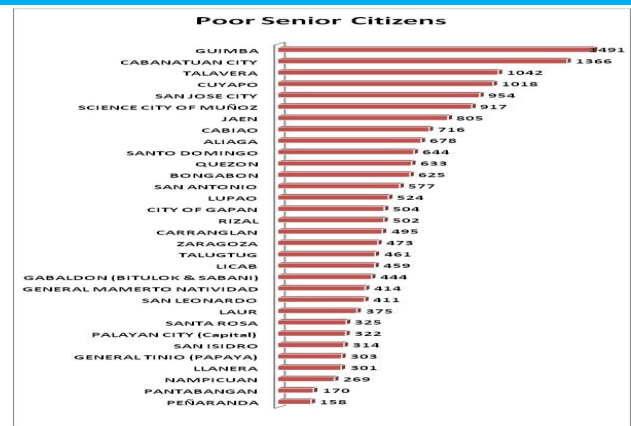

Figure 7

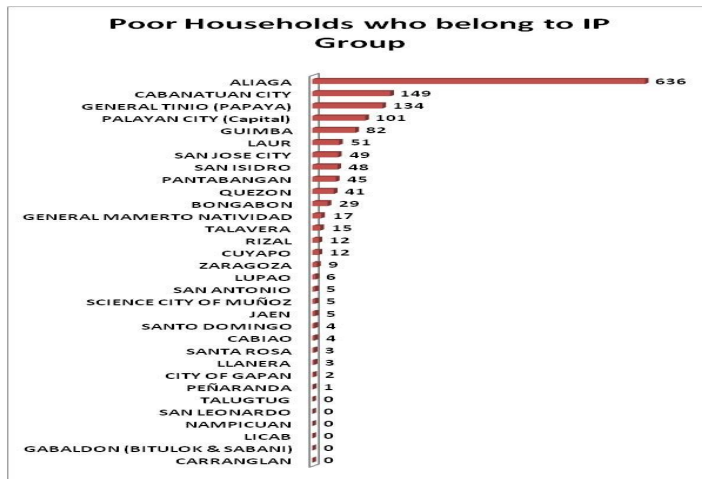

Figure 8

There are 1,468 poor households within this province who considered themselves as part of an indigenous people (IP) group. This constituted only a small part of the total poor households with only 1.52% percentage share. They were mostly found within the municipality of Aliaga, Cabanatuan and General Tinio.

### 3. Who and where the poor households are in terms of educational attainment

Figure 9

Majority or 65.47% of poor individuals of ages 3-18 years old within this province were attending school, they were mostly found within the municipality of Zaragoza, Talugtug and Talavera.<sup>9</sup>

The poor households put importance to education as evidenced by their attendance to school. Looking into age by level of schooling, 83.56% of the poor individuals whose ages were within the interval 6-11 years were attending elementary, 56.23% of the poor individuals whose ages were within the interval 12-15 years were attending high school, and 12.49% of the poor individuals whose ages were within the interval 16-18 years were attending collegiate level. Notable is that 64.43% of the total poor households with school age children attends public school.

The highest educational attainment of poor individuals within this province were significant in the levels of no grade completed (19.48%) and elementary (19.85%). Majority of the poor households within this province had no grade completed. High concentration of these poor individuals can be found in municipality of Cabanatuan, Guimba and San Jose.

#### 4. Who and where the poor households are in terms of occupation?

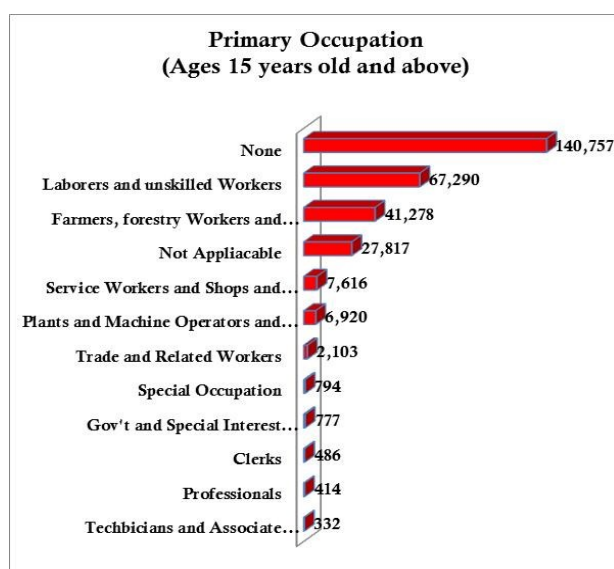

Figure 10

The poor households source their income either as labourers to different menial jobs with 67,290 or 22.69%, through farming and fishing with 41,278 or 13.92% and service workers with 7,616 or 2.57%.

Quite notable is the number of members of the poor households declaring no occupation comprising to 47.46%, (given that the age range is 15 years old and above).<sup>10</sup>

Majority of the members of poor households within this province who have declared no occupation were found within the municipality of Cabanatuan (54.52%), Guimba (47.58%) and Talavera (53.10%).

<sup>9</sup> See attached Table 4.1 for Number of Poor Individuals Age 3-18 years old Attending School

<sup>10</sup> See attached Table 5.1 for Primary Occupation/Business Age 15 years old and above

## 5. Household Features of Poor Households

Out of the 96,863 poor households within this province, 24,419 or 25.21% have roof that were made up of light materials (cogon, nipa or bamboo). Same is true for the outer walls, 35,655 or 36.82% of the poor households have walls made up of light materials. Based on these data, 21,385 or 22.08% of the poor households within this province were considered to be vulnerable to natural/man-made disasters as they used light construction materials on the roofs and outer walls of their housing units.<sup>11</sup>

Figure 11

Figure 12

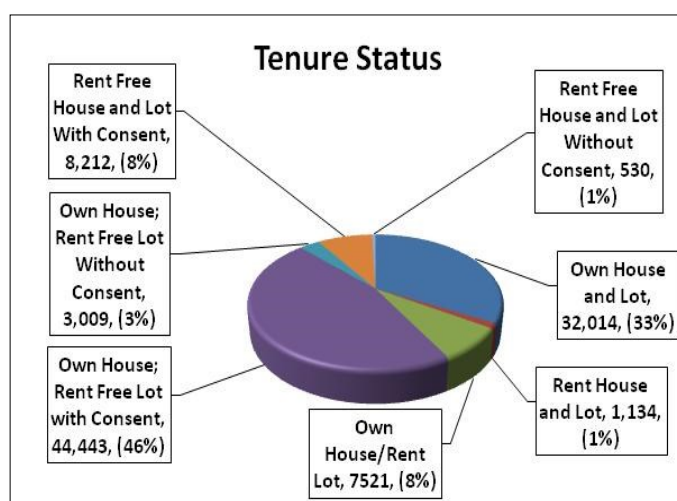

Figure 13

In terms of tenure status, out of the 73,683 poor households within this province, 26,284 or 35.67% have their *Own House but Rented Free Lot with Consent of the Owner*. These poor households can be mostly found in the municipality of Cabanatuan with 61.35%, Talavera with 19% and San Jose with 47.43%.<sup>12</sup>

<sup>11</sup> See attached Table 2.3 for the Type of Roof and Outer Walls of the Housing Units Occupied by Poor Households

<sup>12</sup> See attached Table 2.5 Type of Tenure Status Occupied by Poor Households

## Number of Poor Household by Type of Toilet Facility and Main Water Source

WATER SUPPLY	TOILET FACILITY					
	TOTAL	Water-Sealed	Closed Pit	Open Pit	Others (Pail)	None
Safe Water Source	92,405	48,108	7,776	5,260	2,670	28,591
No Safe Water Source	4,458	1,432	1,053	731	259	983

For water and sanitary toilet facilities, it can be noted that the magnitude of poor households within this province with safe water source is relatively high at 95.40% and that access to sanitary toilet is also fairly high with 60.26%. However, the number of poor households with no safe water source combined with unsanitary toilet practices<sup>15</sup> is 1,973 or 2.04% of the total number of identified poor households.

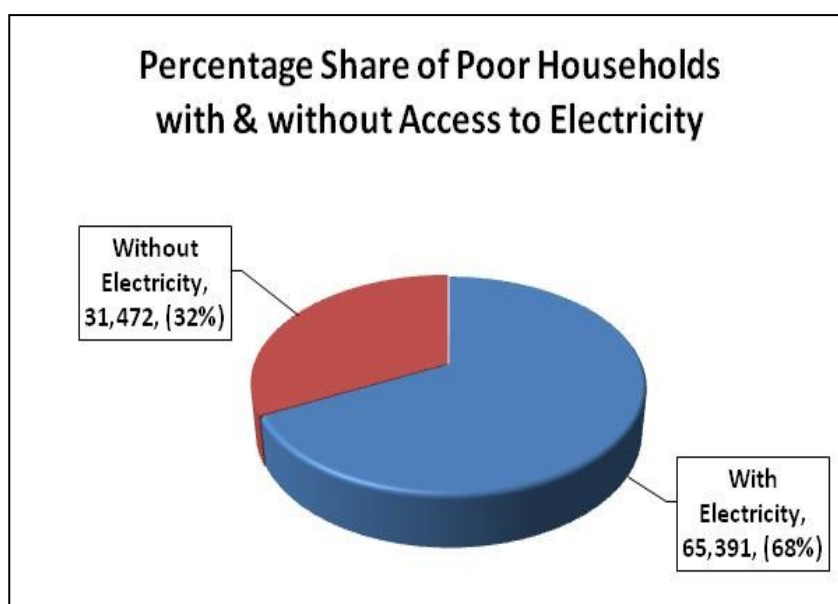

Figure 13

Majority or 67.51% of the poor households within this province have access to electricity, whereas 32.49% of the poor households have no access to electricity. The areas with still no access to electricity based on the number of poor households identified were found in the municipality of Guimba (7.76%), Talavera (6.22%) and Carranglan (5.71%).

<sup>13</sup> Safe Water Source refers to Own Use/Shared, Faucet, Community Water Supply, Tubed/Piped Well, NSO

<sup>14</sup> Unsafe Water Source refers to Dug Well, Spring, River, Stream, etc., Collected Rainfall, Peddler, NSO.

<sup>15</sup> Unsanitary Toilet refers to Open Pit, Others (Pail, etc.) and None, NSO.

Figure 14

The top three programs/services that the poor households within this province have received from different LGUs and NGOs were: Subsidized Rice with 19,680 or 20.32%, Philhealth Cards with 11,727 or 12.11% and Day Care Service/ECCD with 7,899 or 8.15%. However, it is quite alarming that 48,627 or 50.20% of the identified poor households within this province do not received any programs or services from the government, LGUs and NGOs.<sup>16</sup>

Certain conveniences are also part of the features of the poor households. Assets such as Television, VCD/DVD, and Furniture, Stereo/CD Player, and Telephone/Cell phone are but a few of the poor households owned assets.<sup>17</sup>

Figure 15

It is quite interesting that the priority of our poor households is entertainment (see Figure 15).

As presented in this paper, this poverty profile of the NHTS-PR identified poor households is based on existing NHTS-PR data as of July 2011. This poverty profile did not only focus the beam on the poor, it also attempted to emphasize the relevance and importance of identifying who and where the poor are and understanding their conditions and characteristics.

<sup>16</sup> See attached Table 6.2 for Number of Poor Households by Programs and Services Availed

<sup>17</sup> See attached Table 2.7 for Number of Poor Households by Ownership of Assets
